

"We All"

By Daniel McLoughlin 7C

We are all thankful for,
No war.
We all love,
A kind dove.
We all wait for the rain,
And pray for Ukraine.

We all love turkey,
And it fills us with glee.
We all eat mashed potatoes,
And most certainly not tomatoes.
We all like gravy,
And we thank the Navy.

We all love corn,
And we pray for the ones we mourn.
We all love stuffing,
Especially when it looks stunning.
We all love some tasty berry,
And when we dip our hand in a cooler,
We get Sprite Cranberry.

We all are caring,
And everybody loves what we're wearing.
We all wear brown,
And we look like we're ready for town.
We all have smiles on our faces,
So we are ready to go places.

We all get in a car to travel,
And we run over some gray gravel.
We all are happily,
When we see our family.
Happy Thanksgiving to all.
