**I am thankful for my ability to appreciate music,  
my ability to listen, my ability to relate to  
the words of others, and  
my ability to show those emotions through  
any piece of music.**

**I am thankful for my ability to produce  
beautiful and melodic sounds that can  
release others' emotions,  
to look at sheet music and portray  
every crescendo,  
every swell and  
create an awe inspiring ending.**
