

Thanksgiving Day Celebration Poem

Thanksgiving day!
Thank you my parents
For giving me love and care
Thank you my dear teachers
for making me learn and share
Thank you my cousins
Aunts and uncles
For spending time with me
I am thankful for my whole family
I love to draw, code, and play football
And most importantly, shopping at the mall!

I love to be kind
And reflect everyday what's on my mind
As happy as a morning bird
As caring as a kitten's mother
I love to be kind

Now it's time for Thanksgiving
The time where there is peace
And harmony
We meet friends and family
To be together again
And when we come home
We dream of this day
Again and again!
