Thanksgiving Day Celebration

Each and every day
I am thankful in many ways
I am thankful for all that I have
And I hope I can give back

Some people say I'm a fun guy 
You may ask how and why
The answer is I like making people laugh
It's a gift I share on my behalf

A smile, a chuckle, even a chortle
Isn't it better to laugh than to quarrel?
Jokes are best when you're feeling blue
This I know is true

Laughing can be contagious
It's good for your health and advantageous
Sharing happiness is the best
Let's get together and have a great fest
