

## Qualities to be Thankful

Jake Sullivan 7B

There are many qualities to have thankfulness  
I can give you just a handful.  
My qualities make me thankful,  
And none of these will get you in a tangle.

One quality is my athletic self,  
Although my height makes me athletic itself.  
I have a lot of appreciation,  
Most is for my nation.

I am thankful for my peacefulness,  
It keeps out my evilness.  
I am filled with a lot of trust,  
It helps me keep everything just.

Most of all you have to be loving,  
This means no pushing or shoving.  
These are qualities to be thankful,  
Thanks for hearing just a handful.
