

What Qualities Do You Have That You Are Thankful For?

By Jayden Rodriguez

I am thankful for being helpful. I help people when asked. I help my mom by cleaning with her. Being funny is the second quality I am thankful for. I make people laugh by telling them funny jokes. Finally, I am calm. I have a lot of friends because I am calm. One way I am calm is I practice slow breathing. So, I get calm and so do others. I am thankful for being helpful, funny and calm.
