

erry

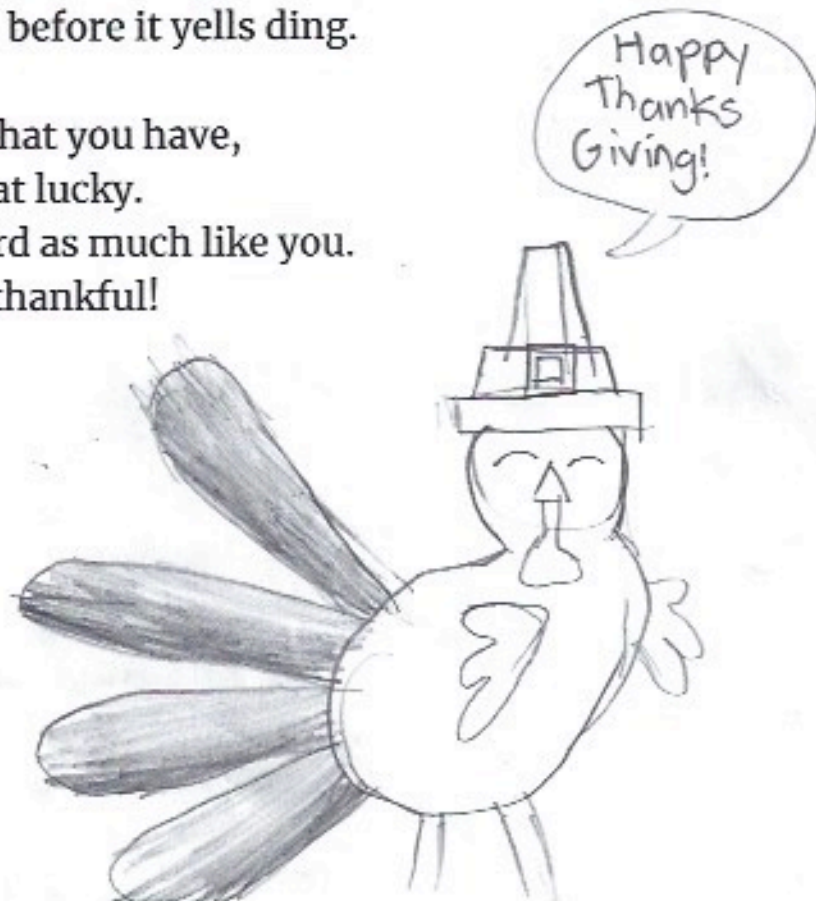

I am thankful for the food I have,
I am thankful for the home I have.
I am thankful for the water I have,
I am thankful for my life.

Food, water, shelter I need to survive,
Just like a new seed that's gonna thrive
Life is a dice,
If you're lucky you survive like a mouse.

I am thankful for how I like to code,
If not, then I would've been a sitting toad.
I am thankful for my friends as well,
For without them, I would've been the only bell.

I am thankful for how I am competitive,
If not, then I would've lost many challenges.
Being strong is another thing I am thankful for,
I can punch a bell before it yells ding.

Be thankful for what you have,
Others are not that lucky.
They cannot afford as much like you.
Remember to be thankful!
