

What Qualities Do You Have That You Are Thankful For?

By Michael Banas

I am thankful for being athletic, funny, and curious. All these qualities are a big part of my life. My friends say I am athletic because I am good at all sports. I run 175 in the Pacer Test in Physical Education class. Also, I am very funny because my friends always laugh at my jokes and how I act all the time. Another reason I am funny is I made my friends laugh so hard that they could not breathe. I think I am curious because I always ask lots of questions and my parents call me Curious George when I ask too many questions. As well as I can usually answer other people's questions because I have all the answers. I am very thankful to have all these qualities because I use them every day. I am glad I have all these qualities because without them I would not be myself.
