

“Thankful For Me”

I am thankful for me.
For my qualities.
For the uniqueness I have,
Like an artisan.

For how hard I work for certain things
My concentrated face that appears,
The feeling of determination,
And eagerness.

I am thankful for me.
For my friendliness.
The ability to make others comfortable,
And open around me.

For my calm, caring character.
My independent, intellectual ideas.
And my responsible, respectful actions.

I am thankful for me.
For all my qualities.
