What Are You thankful For

The word thankful means to be grateful. You can be thankful for a lot of things. We can be thankful for things like family or about firefighters for keeping us safe.

One thing I am thankful for is my family because if I didn't have them I would be lonely. They make me happy and my parents make me feel safe. They help me but most importantly is that they love me and I am thankful for them.

A second thing that I am thankful for is our police officers and firefighters because they keep us safe. If something bad happens, they work very hard to help us. Sometimes they get hurt helping us and they are not afraid.

The last thing that I am thankful for are our teachers. They work everyday to teach important lessons and give us knowledge. Teachers also help us make our school days fun.

These are all the things I am thankful for. This Thanksgiving, I will be giving thanks for these people in my community and especially for my family.
