

What I'm thankful for poem

By: Laura Trelles 8-c

What am I thankful for?
Is it big toys, shiny cars or even colorful dinosaurs?
There are many things that I like
But none are vital in my life

So is it water, food or my bed?
Perhaps it's my family and friends
Teachers, policemen, doctors and nurses
Firefighters, scientist vets and even surgeons.

These people help us everyday
"not all heroes wear a cape"
So I thank these people for being here today
And how they help us to make the world a better place!
