

My name is Dylan and I'm a sixth grader at Bouquet Valley Central School in the Adirondacks. One of my favorite hobbies is riding my four wheeler. It is nice to be able to live in the Adirondacks because of the woods. I love to hunt too. Three qualities I am thankful for are that I'm hardworking, caring, and consistent.

One quality that I have is that I am hardworking. I show it by trying my best. I'm thankful for this trait because it helps me by not giving up. When things get hard I will keep trying. It can help me in the future when I get a job because it will give me more momentum to get tasks done.

Another quality I have is that I am caring. I have shown it by caring for friends and family. I am thankful for this trait because it could help me make more new friends. This trait could help me get a job too. If I am caring, I can make friends at my job.

Another quality I have is that I am consistent. I show it by always being there when people need it. I am thankful for this trait because it shows that people know that they can count on me. This could help me in the future because the people that work with me can count on me.

I'm glad people can see these qualities in me. I'm thankful for all these qualities. My classmates see these in me. It's cool how people can see that in one person. They helped me see these traits in myself too. I can improve all these traits by showing them more often and trying my best.
