THANKS GIVING

"What Qualities do you have that you are thankful for?"

Here are some qualities I have that I am thankful for: I am thankful for a lot of things I have or do, like using my tests and good in drawing or something. The most good quality I have is that I was borned by a super mom! If my mom and my dad were not here with me, I don't know how I would accomplish things and be successful in studies and everything. So a big thanks goes to My parents and my lovely family. The second good quality I have is from my amazing teacher! She helped me a lot, I used my tests because of my teacher! So one more thanks goes to her. The second most good quality is from my friends, They can understand me very well. They were with me in my hard times. I can't tell you how amazing my friends are. A big thanks goes to them. I am also thankful for my school for doing great events and understanding their students. The last thing I am thankful is for my pets, I have 6 birds they are very cute. Whenever I am sad I look at my birds and somehow it makes me super happy! I promise this is the last thing I am thankful for, my religion. I am so proud that I got a great and respectful religion. I know this maybe sound a little different but my religion makes me proud! I can't stop writing how many things I am thankful for, but there are a lot like my country, my house, my language and everything. But you should be thankful and happy for what you have. Thank you. Happy Thanksgiving ♡.
