<center>**_<u>Thankfulness</u>_**</center>

There are many qualities that people have that I'm thankful for. One quality
I have is braveness.I'm thankful for this quality because this quality made me a
better person by making me positive on all things, & made me experience things
I've never experienced before. This quality sometimes seems challenging for me
due to the fact that there is so much danger around the world. Qualities like this
take so much value, braveness inside a person is much more important for a
person sometimes. This is why I'm thankful for this quality.
