Thankfulness

11/14/23  
6-3

I am thankful for my smartness just like how I'm thankful for the apartness of each car  
My smartness makes me proud and glad. My smartness makes me finish as fast as a cheetah.  
The smartness makes me bored just like I explore for my shoes.

I am thankful for my whole heartedness just like a chicken's tenderness.  
My whole heartedness make people love me just like how i wear my gloves  
I am thankful for my whole heartedness just like the sun shines like ms. divine

I am thankful for my self awareness because it keeps me aware of my glares.  
My self awareness helps me see what is wrong just like how I sing my song.  
My self awareness helps me see my past just like what you would do in a car crash.
