

Giving Thanks!

Family And Friends
Dance

There are many ways to show thanks but I wanted to show it in a different way. I wanted to do a cornucopia to represent the food that we eat. Because I am so grateful that I can eat and have a plate of food and a roof over my head that is why I also drew a home. I am so thankful that I have my friends and family. I am so happy that I can dance to have fun and also to compete.
