FRIENDS TILL THE END

Dear Ty Ty,

*From the moment I saw your
little meatball nose pop out from
that box under the christmas tree I
knew you were going to be my
new best friend.*

*We grew up side by side and we
took everything step by step, never
leaving one behind and always there
for one another.*

*The first time I was forced to clean up
one of your poops I knew you were going
to be a handful but I never let you go
because of all the joy you brought to my life.*

*Now as a lay in bed I feel the soft touch of
your head, pushing its way into my chest
I never knew I was so blessed,
just like a mama bird with its chicks inside their nest.*

*I always look forward to seeing your baby brown eyes
knowing we will just continue to rise
but we will never reach the skies alone
so we stick together and rise to the throne.*

*Coming home and seeing you,
no matter how many times you've chewed my shoes
is always the best part of my day
until the sun falls and we get to lay.*

*Now I will leave again soon
but when I look up at the moon
I will always see me and you.*

*Tomorrow will feel different from today
for I am off to college far away,
I might make some new friends here and there
but none of them will ever compare.*

*I will always look forward to winter break
when I can come home and awake
with your head on my chest
I know you'll be with me for the rest.*

*So no matter how many times you annoy me
my love for you will always be as deep as the sea
and always missing you next to me at night.*

*Even though we might not be able to continue
on this journey all the way till the end I now
I will never have a better best friend!!*

*Love always,
Peyton*
