

thankfulness

There are many people that I'm thankful for, I'm thankful for my dad because he works hard at his job and brings us groceries and gives us clothes.

I am also thankful for my mom. She feeds me and takes care of me and my dog and helps me with work.

I'm thankful for my math teacher, Mr. B because he helped me with PEMDAS and other math problems I didn't know in my life.

The other person that I'm thankful for is my brother because he helps me with my homework and brings me to fun places.

I'm thankful to everyone in my family because they love me and take care of me even when they treat me badly sometimes.

I'm also thankful that I have a family that cares about me and loves me and people that were in my life.

I'm also thankful for the teachers because they teach us knowledge to make us prepare for our future.
