

thankfulness

There are many qualities that people have that im thankful for, one quality i have is I'm smart and helpful because i help my parents with many things such as cleaning my Room, washing the dishes, and cleaning the table. I'm smart because I study, work hard and do the best I can. I may not be as smart as others, but I will try my best to help people who need it. Another thing how m helpful is i know things people don't, like fixing a door, Cooking and baking, and fixing cars. I'm funny and a good friend because I have a good sense of humor and I know how to make people laugh, not always but I find a way how to. I'm a good friend because I cheer people up when they are at their lowest. If my friends are not understanding a problem or a question I will always help them.
