

" Qualities I have that I am thankful for.

One quality I am thankful is being caring. I think that is important because I check on people to see if they are okay. Also, I volunteered to do community service to help my local church by cleaning the cemetery. Another quality is I am compassionate. I donated food to the food pantry for my local school Park Avenue. The last quality is I am thankful for being social. I include other people I don't know in games. I play with my friends and I make so many new friends. These are the most important qualities I am thankful for.
