

Qualities I am Grateful For

By: Aidel Parshan

Creativity & courage:

Courage and creativity

In my mind explode,

And the negative things I have
Erode.

Courage; brave and fearless

I will be,

For that is part of me.

Creativity responds to me,

The nature I draw

Follow my lead.

The qualities I love about me,

They are creative and inspire me.

I am courageous and creative,

They spark a hope of truth I see.
