

Qualities I am Thankful For

By Aubrie Seth

These three qualities are about what I'm good at and I think these three 3 qualities are good for me. In my opinion I choose flexibility and athletics because it helps me with games.

I'm thankful for being athletic. I'm so athletic because I do football and gymnastics and sometimes I go to the field and play lacrosse. I'm also thankful for being flexible because I did gymnastics when I was 2 years old and sometimes do pretend gymnastics.

At my house, I'm going to be more flexible. And I'm thankful for having friends so I'm not lonely and if I was lonely I would probably get bullied.
