

Thank You Softball,

From the day
I first stepped on the field
I knew one thing for sure.
I was going to love you
unconditionally
Until the day that I die.

You are my everything
My heart and soul.

Thank you
For the lifelong friends
And endless memories
That you have blessed me with.

I have
And will continue
To give you all that I have.
That will never change.

And I know you will help me in
the future.

Whether that be college
Or simply staying healthy.

And when I grow old
And my body is stiff as a board
I will always remember you
And the amazing experiences
That you have brought me.
