

Thank you football

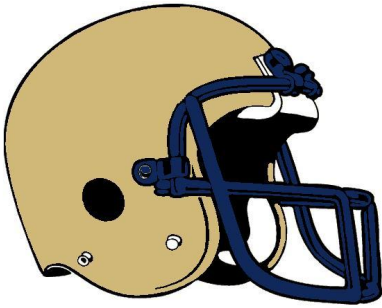

I knew you were the one for me
Since the first time I met you
Since the first time i played you
And the first time I watched you
You gave me a feeling
A feeling nothing else did
It was like a spark
You created in me
Football is like my spark
You were like my motivation
You helped me through things
When no one else was there
But you were always there

You still give me motivation
You still give me that spark
You still help me through things
When no one else can
You make me happy
You make me scared
You make me excited
You make me competitive
You are my best friend
I hope that never changes
You have brought me friends
People I will never forget

We will always be best friends
You will always hold a special place in my heart
We will stick together forever
No one can break our bond
You will continue to make me happy

Make me sad and even angry
But our bond will never break
We will always stick together

Sincerely,
Xayne Chavez
