

The Best Parts of Me

I'm grateful for my hands that touch
And my heart that lets me love so much

I'm grateful for my brain that thinks

And my nose for telling me what stinks.

I'm grateful for legs to walk
And my mouth that lets me talk

I'm thoughtful and caring too.

And I try my best on all I do

I'm grateful for my eyes that see
And all the things that make me me!
