Thankful Essay

I am thankful for many things in my life. One thing I am thankful for is being creative. I go to art class every year where I get to be creative. I think it is fun to imagine my art and see it come together.

Kindness is another quality I am thankful to have. My kindness helps me make friends. If someone gets hurt I will help them. I believe more people should be kind to one another.

Finally, I am thankful for my bravery. I will jump from furniture to furniture in my house. It is fun, if my mom would let me I would do it all day I would do it all day until I get tired. And that's why I am thankful for my bravery.

All of my qualities make me me if I did not have any of my qualities I would not be me. And that's what makes me special.
