

What I Am Thankful For

By: Patrick Golden

I am thankful for hockey
As I grow better day by day
But I am not cocky
My skills will not decay

I am thankful for my intelligence
Which is very high
I also am thankful for my patience
So much it goes to the sky

I am thankful for my friends
Who are real and I can trust
Who I will trust to all ends

Although that's not what thanksgiving is really about
It's about time with God and family
That's without a doubt
So have a happy happy,

HAPPY THANKSGIVING
