

Juliana Geraldini 11/11/23

I am thankful for cheer because cheer is fun with my friends and I love learning from my coaches. I love to tumble and stunt with my teammates. Cheer makes me happy and that's why I'm thankful.

I am thankful for flag football because I love football and it's so much fun and I love learning how to do new routes or drills. Football is my favorite sport and I'm so thankful.
