**I am grateful for everything I have. My parents, my friends, my dog. I am mostly just thankful for having an easy life. I don't have to worry about not having food or being in danger. I don't have to worry because my parents try their hardest and they are doing so much for me. My mom works so hard and does so much for me and my sister. She works in a whole nother state and still makes it home to take care of me and my sister And that's another thing I'm grateful for, having a family that I don't have to worry if they're gonna make it home for dinner or make it home at all. I know it's a lot about my mom but without her I don't think I would be the person I am today. I love my mom. She is the best mom I could ask for. I'm also so grateful for my dad. He is the best. He helps me train for baseball and he's the best cook. He does anything for my sister and I. I think I got lucky that I have the parents that I do.**
