

Qualities I am Grateful for...

I am grateful for many things. I am grateful for being funny. When someone's day isn't going their way, I can brighten them up by talking to them or even texting. Another thing that I am grateful for is being helpful. If anyone needs help carrying in the grocery bags or if someone needs help and they can't fix it, I always try my best to fix it. Another thing I am grateful for is being responsible. If one of my family members or friends need help I always do it. Another grateful thing about me is that I am supportive. If someone's down, say if they failed their test, I always tell them positive stuff or in Baseball, if one of my teammates makes an error, I always have their back saying you can get it next time. Another one is that I am loyal. I never lie and I never say bad things about people that will hurt their feelings. Another thing I am grateful for is that I am very friendly. I am very friendly by opening up to a lot of people I meet and that's how I met most of my friends today. These are traits that describe me and traits that I am grateful for.
