

## Qualities I am Thankful for...

Thanksgiving is a holiday where we think about what we're thankful for. When we think about what we're thankful for we usually think about other people. But what about ourselves? Are we thankful for our own qualities ?

One of the qualities I'm thankful for is my loyalty. I'm very loyal to my friends. I show that I am loyal to my friends by always sticking beside them no matter what. Another way that I am loyal is sticking up for others and giving them good advice. This shows that I always want my friends' best interest. Another quality that I am thankful for is my kindness. Everyday I try to be nice to everyone. An example of me being kind is printing out my friend's school work for her. A quality I am also thankful for is having the ability to make my family and friends laugh. This is the quality I'm most thankful for because I love seeing my friends and family happy.

During Thanksgiving we are thankful for the people in our lives. We should also be thankful for ourselves and what also makes us different.
