Qualities I Am Thankful for...

I am thankful for all of my qualities. One of the qualities that I am most thankful for is that I am Funny. I always make my friends laugh when they are sad or happy and I like when I can put a smile on people's faces. Another quality I have is that I am loyal. If someone asked me to do something, even if they're not my friend, if I said I'd do it with them, I would. If my friend asks if I want to do it with them, I would tell my friend sorry but they already asked me to do it. I am also respectful. If someone needs their time thinking about something, and everyone is asking what happened to the person, I would talk to them and let them have their privacy. I have an amazing quality in being athletic. I am very thankful for every quality I have. Those are all of my amazing qualities that I am very thankful for.
