

Qualities I am Thankful For...

I am thankful for all of my qualities. One of my favorite qualities is that I am very hard working. I am very hardworking when it comes to sports and school. I practice baseball everyday in my backyard and when it comes to school work, I always get it done on or before the due date. I am also very reliable. When someone depends on me to do something, I will help them to the best of my abilities. Another quality I am thankful for is that I am very motivated. When I put my focus on something, I stick to it until I reach my goal. I am very honest. When I do something good, or I do something bad, I am very honest about it. I am also very capable of things. Whether it's something in sports or in school, I always manage to pull through. I am also very responsible. When I make a mistake I always try my best to fix it. I am also very loyal. When I get into an argument with one of my friends they are still my friend. I am also very kind. When someone needs help I am always there to help. That is all the qualities that I am thankful for.
