I am thankful

NDCA  
poem

I am thankful that I am a leadership to people and people look up to me. I am thankful that I am genuine to people and people see me a kind person. I am thankful that I am of an age because I can stay out of situations. I am thankful that I am clever. Because I can hand things in on time I am thankful that I am forgiving and people really look up to me about that. I am thankful that I am a good runner and that God gave the ability to win metal in track. I am thankful that I am adventurous because I love to travel and I love exploring new places.
