I am Thankful  
There are basic needs in my life  
That are big and small  
But I am thankful for all  
My family that gives me needs  
My friends that are always with me  
I have become a nice person  
With good qualities and all  
With food and good support  
There are always people around me  
To be there for help

THANK  
YOU FOR  
EVERYTHING  
I HAVE
