I am Thankful For You  
I am thankful for family,  
Friends,  
And everyone who cares for me.  
They help in rough times,  
So I can feel better.  
They have fun with me  
When I feel like it.  
They are proud of me for my achievements,  
What I did good for them.  
They give me food, water, shelter,  
And so on.  
I am thankful for what they give me  
To help me thrive and survive.  
Being without them,  
I would rather die.  
They love me,  
And care for me,  
So I can always be happy.  
They make sure I'm well,  
That I feel good  
And that I will not be sad.  
So now you know  
How thankful I am  
For people on my side.  
They love me,  
Tell me,  
That they will always be there for me.
