

There are many things to be grateful for  
and some will be stated here.  
Some people like my parents  
Which I am mostly *near*.

I also am thankful for my teachers  
Who has taught me important things.  
For example; Mrs. Maletzky,  
Who has taught me well (to sing).

I am thankful for my home  
Which is a beautiful shelter.  
I am thankful for my winter clothing on my bed  
Which was made by my elders.

I am thankful for my brother  
Who is very sympathetic.  
(But let's just say that there is one problem,  
He is very frenetic).

I am thankful for my friends  
That has a connection with me as strong as 90,000 strands of leather.  
But as friends go  
Our *ships* go through very nasty weather.

I am thankful for my food and clean water  
That I eat/drink everyday, so I can survive.  
Because I need these important resources  
To live and to thrive.

These are all people and things that I am thankful for  
And if you're reading this then I am grateful for you too .  
Anyways bye bye!

And I might see you sometime soon.
