

WHAT I AM THANKFUL FOR

I am thankful for the things I have
That I have family and friends
I am thankful
When the sun comes up and when it goes down
and that I am here today
I am thankful
That I am here in this very place
with family and friends
I am thankful
for the life
I am living in
For the things that are good and great
I am thankful for a
education and a teacher
I am thankful
for all who love me
I am thankful for the things I have cause
others might not have them
I am thankful
For my warm, cozy, home
I am thankful for
Everything especially Thanksgiving

BE
THANKFUL!
