

What I am Thankful For

What I am thankful for is everything I have in life. I am thankful for my soccer career which my mom and dad paid for. I am thankful for my family giving us love. I am thankful for my parents taking us on vacation. I am thankful for my dad taking us to his race car track I am thankful for my mom staying home from work when I am sick. I am thankful my parents buying us clothes and video games. I am most thankful for my parents and brother.
