What am I Thankful For?

New York,
So much to be thankful for!

Uptown, downtown,
East and west,
I'm thankful for those who serve us best.

Teachers, firefighters, police officers, sanitation, too!
I'm grateful for all that they do.

The governor, mayor, police commissioner and heads of state,
All help to make New York great!

When in need,
Those have found,
Plenty of shelter all around.

A place where we can celebrate,
Opportunity and diversity in this fine state.

Family and friends unite together.
Making life so much better.

Uptown, downtown,
From North to South - East to West,
Thankful for New York's Zest!

Giving thanks for the special things,
That living in New York brings!
