

What am I Thankful For?

Somethings you never thought you would get, but in the end you did and you were so happy are the things I am thankful for. I am thankful for the fun and happy times my family shares together. The great life I have, makes me smile. I appreciate the great life I have and all my friends who help me enjoy my life so much.

Additionally, I am thankful for the men and women who sacrifice their lives to keep us all safe and protected from the bad people who want to hurt others. The military sacrifice everyday so that we may all live the lives we were meant to lead. Finally I recognize all the Police and Fire Fighters who save people's lives by risking their lives in the most dangerous situations.

I greatly appreciate the teachers who have taught me how to become the best person I can be and who help me to learn how I can and should act in life. Also all the coaches who have helped me get better at sports and more excited about the games I play.

As you can see I am especially thankful for the people in our lives who help keep us safe by putting their lives in even more dangerous situations. I am thankful for my family and friends who have helped me better understand how I should act and taught me how to be the best person I can be.
