My Dog and Me

I am grateful for my dog Rocky because he is always there when I need him. When I have a bad day he comes running towards me and pushes me to the floor and starts to lick my face.

One day when I came home from school and I was having a terrible day because I got in trouble and failed a test. All I wanted to do was sloth around on the couch with my dog and that's what I did. After six hours of TV time with my dog I felt so good.

When he was just eight months old he would go to the backyard and dig holes under the fence he did this with my sister's dog. It was funny the first time but the next 100 times weren't. I thought he was in the backyard so I went to check but he was nowhere to be found it's like he just disappeared like Houdini. After a while, I got a call from an animal shelter I was so happy they said if I wanted to get the dog I would have to pay \$100 I just stood there star struck. Gladly my mom came home and went to go retrieve my dog.

In conclusion my dog Rocky is my rock and I don't know what I would do without him and he wouldn't know what to do without me.
