

Arryl Gerber

I'm thankful for a lot of things. I'm thankful for my mom and dad for taking me and my brothers on trips. We like going to North Carolina and the beach and playing there. I'm thankful for my house to keep us warm and dry. When it rains or snows or when it's cold our house is there to keep us warm and dry. I'm thankful for school to help me learn. I like learning how to figure out words and harder equations. I am thankful for all these things because I am lucky that I have them.
