My Thankful Poem

I am thankful for everything that has been
brought into my life.
My home, my education, food, my pets, and
my family.

I am thankful for my home being
filled with love, laughter, and joy.
Reading books, watching telvision, and
playing games together.

I am thankful for a wonderful
education that will help me
succeed in life.
Elementry, Middle school, High school,
and College.
Preparation for adult life

I am thankful for food to make
me strong and healthy.
Eating healthy gives me a long life
and a boost of energy !! ☺

I will be strong if I eat healthy foods.

I am thankful for one of my cats Parker healing from his injury.
Parker is a very brave cat.

I am thankful for my family who loves me dearly and I do too
We are the best family in the universe !!
