*I am thankful for a lot of things. One thing I am thankful for is my new farm house. I am also thankful for my new kittens. One of my kittens looks like a cow and the other one looks like a cheetah. My kittens look very cuddly and fluffy and they sleep with me. I am also thankful for my foster home. My foster home is very nice. They gave me a better home for now. Those are the things I am thankful for this year.*
