### **Thanksgiving ... Thankfulness**

I am thankful for my family, friends and cheerleading. They are all important to me. They are important to me because they keep me together with their love and support.

My family is to me like tape is to a package. If there was no tape the package would open and everything would fall out. They love me so very much they make me feel better when I'm sick, they help me up when I fall; they hold me together.

My friends and I are as white is to rice. We get along they are like sisters to me. If it was not for them I would be lost and lonely. They see me as I am I don't need to be fake around them.

Cheerleading is my life its like sky diving when I'm in the air. I get thrown into the air like a ball. I tumble across the floor like a boss. I say my cheers as if I was a lion.

Family, friends and cheer will always have a place in my heart that is why I am thankful for them they keep me living to the fullest.
