Thank you to My FAMily!

Thank you, Thank you
If you dont have a
Family you will be really
lonly. They keep you so
very happy! So thank
you to my FAMily

say Thank you to your
FAMily again!

Thank you to the Sun!
The Sun keeps you
Warm. Sun gives you
light. it also has
vitamin D. if you
Din't know this is
health. and it keeps
your FAMily heaty!
it gives you strong
Bones to run and
Jump. you make the
world so bright. so
Beautiful and make the
plants grow

Thank you To the Sun!

Thank you to the
Moon it Makes Stars
Shine so Bright!

it gives us night
When I rest My sleepy
head and say good Night.
as I close My eyes I

Thank you god FOR EVERY
thing in My life!
