The Things I am Grateful for This Year

I am grateful for my family

I am grateful for my friends

I am grateful God gave me such special people in my life

I am grateful for my family almost every single day

They keep me warm and fed

They wake me in the morning

They drive me around all day

They make sure I am happy

I am grateful for my friends almost every single day

They are fun to be with

They make me laugh

They are good friends

I am thankful for my teachers who care that I become educated

Sisyphus had nothing on them

I am thankful my life

I have a happy life

I am grateful God gave me such a happy life
