

I am thankful for my dad. There is no better person in my life than my dad. He goes out of his way to do things for me and help me.

He buys me food and he pays tuition for me to go to school. Next, he buys us four-wheelers every couple of years. Sometimes we also go for a ride every other day. I am thankful for my dad because when everything is done around the house, we go out to eat and have fun. After school we go hunting when my dad is not busy.

I am thankful for my clothes and my family that I have. I have 2 brothers and one sister. If someone needs help, he will be there. Last year he let us go to the sled riding place, and it was a lot of money.

Thankfully he also has a contracting business and that's a good thing. He loves what he does and this shows me how truly hard he works every day. He is a great role model for me and I am so lucky to have him as my father.

My father means everything to me. I am so thankful and grateful to have him in my life.
