Prompt: What are you thankful for this year?

This year, I am thankful for several things. I am thankful for my family members and that I will be able to spend another Thanksgiving with them. I am also thankful for my home because it is a special place to me. In addition, I am thankful for the food that I have. Also, I am thankful that God keeps me safe and protects me. And lastly, I am thankful for having great teachers. My teachers help me learn new things and they make sure that I understand new material during lessons. These are the many things that I am so thankful for this year.
